

# Check-to-Spec

## SERVICE SPECIAL

# \$99<sup>00</sup>

*Includes check and alignment of one V-System body, lens, film magazine and viewfinder (waist level or prism viewfinder). Add extra lenses or magazines for only an additional \$15.00 each.*

***Bring your tired V-System camera, lens, magazine and viewfinder back to the original factory spec - all for just \$99.00!***

While Hasselblad cameras, lenses and accessories are built to the highest standards and use the finest materials available, regular service is an important maintenance precaution. Mechanical components gradually drift out of tolerance through regular use - affecting focus, shutter speed accuracy, frame spacing and other vital functions.

Whether you shoot film or are considering the purchase of a digital back, like the new Hasselblad Ixpress V96C, a factory spec camera is critical to achieving the highest possible image quality. The Hasselblad *Check-to-Spec* Special will ensure your camera system is functioning as well today as it did the first-day you used the camera.

For complete details, see the reverse side.

Carl Zeiss Lens	<ul style="list-style-type: none"> <li>✓ Replace main spring</li> <li>✓ Additional \$60.00 per lens</li> </ul>	

## TERMS & CONDITIONS

A credit card is required before the Check-to-Spec service can begin. The \$99.00 fee covers the inspection of one of each of the following V-System components: any 500- or 200- or 900- series camera body; any Zeiss lens; any roll film magazine; any waist level or prism viewfinder or prism meter viewfinder. Extra lenses and magazines can be included under the Check-to-Spec special for an additional cost of \$15.00 each. The above fees do not include applicable taxes and shipping charges, which will be added to the invoice. If during the course of the Check-to-Spec service, a problem is identified with one of the system components that is beyond the scope of this service, a separate estimate will be provided for your review and approval. On repairs that are approved while the equipment is at Hasselblad USA, we will extend a 20% discount on the labor rate.
